Education

Humber College

PGDM in Information Technology Solutions

Sept 2022 - Present

Toronto, Canada

Sarvajanik College of Engineering and Technology

Bachelor of Technology in Computer Science

Sept 2016 - Aug 2020

Surat, Gujarat

St Joseph's E.T. High School

High School

May 2004 - April 2016

Valsad, Gujarat

Experience

IT IDOL Technologies

Frontend Developer

June 2021 – June 2022

Valsad, Gujarat

- Spearheaded the development of interactive user interfaces using React.js, ensuring high performance and responsiveness across various devices and browsers
- Implemented state management solutions such as Redux for efficient data flow and seamless application state management
- Conducted code reviews, provided constructive feedback, and ensured adherence to coding standards and best practices.

Tops Technologies

Frontend Developer Intern

Sept 2020 – April 2021

Surat, Gujarat

- Collaborate with senior developers to translate UI/UX designs into responsive, interactive web experiences.
- Assist in the implementation of frontend features using HTML, CSS, and JavaScript.
- Get hands on experience of emerging framework such as angular and react.

Projects

Online Railway Management System

April 2019

- Developed using HTML, CSS, and JavaScript, this system provided an intuitive and responsive user interface for railway management tasks. The design focused on user-friendly navigation and real-time updates
- Implemented with MySQL, the back-end efficiently handled data management, including train schedules, ticket bookings, and passenger information, ensuring data integrity and quick retrieval.

RentWallex

January 2021

- Developed a system to facilitate monthly rent payments by breaking them down into smaller, more manageable installments
- Utilized the Next.js framework to design and implement the frontend interface.
- Implemented MongoDB to store and manage all relevant data efficiently.

Technical Skills

Language & Frameworks: HTML, CSS, JavaScript, Angular, React, Next.js, node.js
